Corpus Christi Conference

Corpus Christi is an independent Evangelical Lutheran organisation, which works for "churchly and biblical renewal among young adults in Europe." Corpus Christi, which means the body of Christ, organises a conference annually to lead young people deeper into an Evangelical Lutheran church life. In 2009, the first conference was organised in Sweden and since then participants have attended from all across Europe. Additionally, the conference is held in a different city every year. Come and be a part of our conference and mission!

My first visit to a Corpus Christi Conference was like a theological and emotional homecoming. I benefit from the Corpus Christi Conferences not only during the conference but also in my everyday life, a thing I'm very thankful for.

When I first came to a Corpus Christi Conference, it surprised me with beautiful singing of Psalms and wonderful fellowship among young confessional Lutherans and pastors from all over Europe. I have been coming to the conferences ever since.

The CC conferences have shown me the true meaning of the Body of Christ: no matter where you come from or what your mother tongue is, in Christ we all are members of the same family of God!
